

Trauma Counselling Skills- an Introduction

Perth 2024

Suitable for people working in generic counselling roles. Participants are required to have an understanding of trauma. It is highly recommended that participants attend SARC's 'Trauma Overview' workshop prior to attending this workshop.

Topic areas

- Counselling demonstrations
- Culturally responsive therapy
- Establishing safety
- Stabilisation and regulation
- Resources for EMDR work
- Restoring self-compassion
- The therapeutic relationship
- Tools for trauma work
- The importance of psychoeducation
- Widening the window of tolerance

Delivery

The workshop involves a verbal presentation, PowerPoint display, discussions, video clips, case examples, pair and group activities.

Details

- Full day, **26 March** OR **3 September** 2024
- 9am start; 4.30pm finish
- Delivered in Subiaco (details will be provided to registered participants)
